

# **Multi Drill Targets™**

## **More Bang for Your Buck**

### **Improve your skills with our *X3 Pistol* targets.**

*The following drills are designed to improve accuracy and gun handling. You might develop countless others. They will help establish good presentation, sight picture, sight alignment and trigger control.*

*Take your time: Slow is smooth. Smooth is efficient. Efficient is fast.*

### **- Shape Drills -**

**Exercise 1:** Position the target 10-15 ft down range. From the holstered position present to the target and fire 3 rounds at shape #1. You're goal is to place each round in the same hole. Re-holster and repeat through remaining dots.

**Exercise 2:** Position the target 10-15 ft down range. From the holstered position present to the target and fire 1 round at each of the numbered shapes – Holster between each round.

**Exercise 3:** Working safely with a partner, position the target 10-15 ft down range. From the holstered position, present to the target and fire one round at the shape or number commanded from your partner and re-holster. Continue through 6 more rounds or as desired.

### **- Plate Drills -**

**Exercise 1:** Position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire five rounds at one of the two 6" plates and re-holster. The objective is to achieve this in 5 seconds.

**Exercise 2:** Position the target 15-20 ft down range. From the holstered and concealed position present to the target and fire 2 rounds at each plate in under 4 seconds and re-holster.

**Exercise 3:** Working safely with a partner, position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire one round at the 6" plate on the "UP left" or "UP right" command and re-holster.

### **- Silhouette Drills -**

**Exercise 1:** Position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire two shots to the center of mass in 3 seconds and re-holster.

**Exercise 2:** Position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire two shots to the center of mass and follow this with one shot to the white cranial ocular oval and re-holster.

**Exercise 3:** If range conditions allow, position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire 5 shots to the center of mass while moving to the left and holster. Continue with 5 rounds to the right, then forward and backward. Re-holster after 5 rounds each time.

# **Multi Drill Targets™** **More Bang for Your Buck**

## **S C N (Shape Color Number) Drills**

**Exercise 1:** Position the target 10-15 ft down range. From the Low Ready position present to the target and fire 1 round at each shape in numerical order and holster.

**Exercise 2:** Position the target 15-20 ft down range. From the holstered and concealed position, present to the target and fire two shots at each shape in numerical order and holster.

**Exercise 3:** Working with a training partner, position the target 10-15 ft down range. From the Low Ready position present to the target and fire 1 round at the Shape, Color or Number called by your training partner and holster.

**Exercise 4:** Working with a training partner, position the target 10-15 ft down range. From the holstered and concealed position, present to the target and fire 1 round at the 2 Shapes, Colors or Numbers (eg, "Red - Square" ) called by your training partner and holster.

**Exercise 5:** Working with a training partner, position the target 10-15 ft down range. From the holstered and concealed position, present to the target and fire 1 round at the 3 Shapes, Colors or Numbers (eg, "Blue, 2, Diamond" ) called by your training partner and holster.

**Exercise 6:** Working with a training partner, position the target 10-15 ft down range. From the holstered, concealed and surrender position (hands in the air), with your back to the target, turn, draw and present to the target. Fire 1 round at the 3 Shapes, Colors or Numbers (eg, "Blue, 2, Diamond" ) called by your training partner and holster.

**Exercise 7:** If conditions permit, complete 5 "wind sprints" to the target and back to the firing line before assuming the surrender position with your back to the target. With the target 10-15 ft down range and from the holstered and concealed position, turn, draw and present to the target. Fire 1 round at the 3 Shapes, Colors or Numbers (eg, "Blue, 2, Diamond" ) called by your training partner and holster.

**Please note:** These drills are intended to improve shooters speed and accuracy through challenging exercises. They should only be performed in a safe range environment and with the express permission of the Range Safety Officer.

### **Poker Targets**

#### ***Ways to Play***

*Multi Drill Targets encourages safe training to improve your skills and improve your accuracy. But, sometimes you just gotta have a little fun! Our Poker Targets were designed with that in mind. Here are a few ways you can play!*

#### **Standard Poker:**

Position the target 10-15 ft down range and fire 5 shots to build your best hand. Your partner does the same. Best hand, wins 6 rounds of ammunition from your competitor (or whatever your wager may be).

#### **Precision Poker:**

Position the target 10-15 ft down range and fire 5 shots to build your best hand. Your partner does the same – However...Since he is a former Marine marksman or has higher levels of training, he has to shoot the small suits in each corner to nab the card (4 hits – to your 1...AKA- Handicapping) The best hand wins 6 rounds of ammunition from your competitor (or whatever your wager may be).

#### **Blind 5-Card Draw:**

Turn the target backwards and position it 10-15 ft. down range. Fire 5 rounds into the rear of the target and retrieve it to determine your “Deal”. Then, determine your objective hand, tape over your discards (up to 3 unless you have an ace) and return the target facing forward to complete your hand. The best hand wins 6 rounds of ammunition from your competitor (or whatever your wager may be).

#### **See and Shoot:**

Bring a full deck of cards with you to the range. Position the target 10-15 ft down range. Shuffle and deal 3 cards from the deck face up. Find and engage each corresponding card on the target and holster upon completion. Increase to 4 then 5 or until all the cards in the deck have been hit.
